Subject Powerine settlement?

Powerine team --

I want to give you a heads up that DOJ is hoping to present a settlement demand to Powerine on March 24th. As I think you know, DOJ's investigator, Greg Polonica (I will of course forward it the minute I receive it). Ex. 5 - Deliberative Process/Atty. Work-Product/Atty.-Client

Russell, can you please find out whether Roberta and Elizabeth are available to discuss a Powerine settlement on Tuesday? Allyn is available until 4pm on Tuesday (except for a 12-1 appointment).

Kate, will you be available to review Greg's conclusions before Tuesday? I realize it's not much lead time, but your contribution would be invaluable. I'll send you my notes from the recent call with Powerine shortly.

Thanks, all. Taly
